Education

D. Y. Patil School of Engineering and Management, Kolhapur <i>Bachelor of Computer Applications (BCA)</i>	2023 – 2026 <i>CGPA: 8.95 (Till 5th Semester)</i>
Sharad Science and Commerce College, Yadrav <i>Higher Secondary Certificate (HSC)</i>	2022 – 2023 <i>72.67%</i>
Vyankatrao High School, Ichalkaranji <i>Secondary School Certificate (SSC)</i>	2020 – 2021 <i>80.20%</i>

Profile

Motivated BCA student with hands-on experience in Full-Stack Web Development using MERN Stack, React.js, Node.js, Express.js, MongoDB, PHP, and MySQL. Skilled in building responsive web applications, RESTful APIs, authentication systems, database-driven platforms, and AI-powered solutions. Strong foundation in programming, problem-solving, and software development principles with a passion for developing scalable and user-centric applications.

Experience

Cognifyz Technologies <i>Web Development Intern (Task-Based Internship)</i>	2025
– Developed responsive web interfaces using HTML, CSS, and JavaScript while following modern UI/UX principles. – Completed assigned development tasks involving front-end design, responsive layouts, and interactive web components. – Strengthened practical knowledge of web development workflows, debugging, and code optimization techniques.	

Projects

Resumify – AI Resume Builder — MERN Stack, Gemini AI, ImageKit

- Developed a full-stack AI-powered resume builder using MongoDB, Express.js, React.js, and Node.js.
- Implemented secure user authentication, resume management, and cloud-based data storage.
- Integrated Google Gemini AI to generate and enhance professional resume summaries and content.
- Utilized ImageKit for image upload, optimization, and efficient media delivery.
- Designed a responsive and user-friendly interface with real-time resume preview functionality.

Noted – Notes Provider Web Application — PHP, MySQL

- Built a full-stack educational platform for accessing programming notes in C, C++, Java, and Python.
- Implemented user authentication, database management, and content delivery using PHP and MySQL.
- Designed and integrated quiz modules to help users assess programming knowledge.
- Created an intuitive and responsive interface to improve accessibility and user experience.

SocialBook – Social Media Web Application — HTML, CSS, JavaScript

- Developed a responsive social media-inspired web interface featuring news feed, profile pages, stories, and navigation components.
- Implemented dark/light mode switching, interactive menus, and mobile-friendly layouts.
- Deployed the application on Netlify for live access and testing.

GSAP Animation Landing Page — JavaScript, GSAP

- Created a visually engaging landing page using GSAP animations and ScrollTrigger interactions.
- Implemented timeline-based motion effects and optimized performance across devices.

Technical Skills

Programming Languages: C, C++, Core Java, Advanced Java, Python (Basic), PHP

Frontend: HTML5, CSS3, JavaScript (ES6), React.js, Bootstrap, Tailwind CSS, GSAP

Backend: Node.js, Express.js, PHP

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Visual Studio Code, Notepad++

Concepts: Data Structures, OOP, REST APIs, Authentication, Responsive Web Design, Database Management

Practical Training & Self Learning

- Developed and deployed multiple responsive web applications using HTML, CSS, JavaScript, React.js, and modern development practices.
- Practiced DOM manipulation, event handling, debugging, and problem-solving through hands-on projects.
- Utilized Git and GitHub for version control, collaboration, and project management.
- Continuously learning Full-Stack Development, MERN Stack technologies, and software engineering best practices.
